

# WR Reporting Numbers – Summer 1958

## By Ed Chaplin

This list is my 'best shot' to date. I do not claim it is 100% correct or complete, but much time has been spent on getting to this stage. I want to hear from anyone who spots errors or omissions please. The Summer Timetable from Monday 9 June to Sunday 14 September 1958. These are very similar to those that applied in Summer 1957, except ALMOST ALL THE TRAINS EX PADDINGTON CHANGED, AS DID those ex SOUTH WALES.

The Summer timetable 1958 ended Saturday 14 September and all, with very few exceptions, Friday Night and Saturday Only trains ceased. Indeed most trains listed here as FO or SO ran only on specified periods within the 29 June – 14 September timeframe, at school and town holidays and Wakes Weeks times; and these were termed 'dated trains'. Some of them have been noted here.

Many trains shown as to Paignton (or Kingswear) and/or to Plymouth had a (shorter) portion for the other; I have not shown the shorter portion for brevity; in the North similarly for trains shown as to Crewe, in fact had portions for Liverpool and/or Manchester (London Road) and indeed had at least one through coach for Glasgow. Again, for brevity I have left it as the main destination shown.

IMPORTANT NOTE For 1958, there was much additional traffic, causing the WR to run several extra trains that were not shown in the published timetable; also there seem to be more photographers and note-takers about, so unlike as in previous years, I have listed those extra trains that I know off, at the end. These extras may have run once only as shown, and the same number may have been used on a different date with different start and end points, so this list of extras is not to be taken as applying throughout this summer.

The lists show when the number was to be carried, but this does not mean the train was limited only to run on the day when a number was to be carried.

Manchester, Birmingham and Bournemouth are examples where there was more than one station used by expresses. In the main, the stations used and listed here are, respectively, London Road, Snow Hill, and Central. I don't know the station where it is not quoted here, and assume it to be one of those main stations; if anyone can add further detail or corrections to these, please let me know.
